

Hebridean Island Images

is pleased to present
“Hebridean Hopscotch”

The concluding part
of this highly acclaimed Hebridean trilogy

“Hebridean Hopscotch”

Footloose we sail on a voyage criss-crossing
the Sea of the Hebrides, to visit islands not seen
before, explore past times and revel in the hidden
beauty these islands display.

“Hebridean Hopscotch”

This presentation lasts for an hour and three quarters, allowing for a fifteen minute coffee/tea break after the first hour.

The show is personally presented and follows the photographer as he moves almost randomly from island to island, from place to place and from bygone times to a more modern era.

The images, most of which were taken since 2007, are arranged in a series of audio visual sequences. They show, in both pictures & music, aspects of the landscape, nature, time, history, and a personal triumph.

You only need to provide a screen and a digital projector.

If I am not already booked, I could come along at just a day’s notice.

If you would like more information on this or the previous presentations, “An Eye on the Hebrides” & “The Island Dream”, then call me.
