is pleased to present
“Another World, Another View”

A new series of presentations,
from this highly acclaimed creative photographer,
starts with

“Another World, Another View”

Ever wondered where the Archbishop parks his motor bike, or where Columbus sailed from, or even where you catch a flight to Monte? Then find out here!

“Another World, Another View”

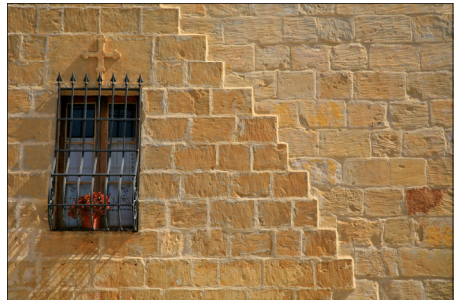

This personally presented show lasts for two hours including a fifteen minute coffee/tea break after the first hour.

Leaving the Hebrides behind, looking further afield, beyond the surface of other places. We spot the interesting & the amusing, the visually stunning & the absurd. We explore the way of life, both past and present, giving us a different view of familiar places in this ever changing world we live in.

I supply all the equipment required, even a screen if needed.

If not already booked, I could come along at just a few hours notice.

If you would like more information on this or any of the previous presentations, “An Eye on the Hebrides”, “The Island Dream” and “Hebridean Hopscotch” then call me.
